**FREEDOM
OF
INFORMATION
POLICY**

Responsibility:	D L Davies
Review:	September 2023

1. Freedom of Information Policy

The Freedom of Information Act (FOIA) requires all public authorities (including schools) to adopt and maintain a publication scheme from 1 January 2009. Llantwit Major School is committed to complying with and implementing the provisions of the Freedom of Information Act (2000) and related legislation such as the Data Protection Act 1998 (DPA) and the Environmental Information Regulations 2004 (EIR). This provides a general entitlement to any person to be able to access information held by the school, subject to exemptions and conditions laid down by law. It applies irrespective of the media on which the information is stored and whether the information is recorded on paper or held electronically.

This Policy outlines information regarding the Act with details of the procedures to follow should a request for information be received. The Policy is based on the Model publication scheme **Version 3 20130822** provided by the ICO. It should be noted that access to personal information (that is information from which a living individual can be identified) is still governed under the Data Protection Regulations. Requests for access to such information will be governed in line with the requirements of this legislation.

This publication scheme commits Llantwit Major School to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the School.

The policy conforms to the model scheme for schools and academies approved by the Information Commissioner. Responsibility for compliance with this and related policies will rest with the Governing Body who will delegate those responsibilities to the Head Teacher. Complaints regarding the use of this policy should be directed to the Governing Body.

Relationship with Data Protection Regulations

Llantwit Major School is under a legal duty to protect personal data under the Data Protection Regulations including current and former employees and pupils.

All school staff have a responsibility to ensure that any request for information they receive is dealt with under the Act and in compliance with this policy. They are also responsible for good information handling practice and for implementing records management policies and procedures as appropriate to their post.

2. Information included in the guide to information

The guide includes a list of the information that the school holds, how it will make the information routinely available, how the information can be accessed. A copy of the FOIA policy is kept in the school office and is on the school website.

Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future - this is split into categories of information known as 'classes'.

The classes of information that we undertake to make available are organized into 7 broad topic areas:

- **Who we are and what we do** - This includes organisational information, structures, locations and contacts etc.
- **What we spend and how we spend it** - This includes financial information relating to projected and actual income and expenditure, procurement, contracts and financial audit for the current and previous financial year
- **What our priorities are and how we are doing** - This includes the school's strategies and plans, performance indicators, audits, inspection and reviews etc.
- **How we make decisions** - This includes information on decision making processes and records of decisions for the current and previous three years
- **Our policies and procedures** - This includes the school's current written protocols, policies and procedures for delivering our services and responsibilities. The school has a policy file which includes an overview of all of these policies and procedures and their review timetable.
- **Lists and Registers** - This includes currently maintained lists and registers only
- **The services we offer** - This includes current information about the services we offer, including leaflets, guidance and newsletters produced for the public and businesses

The classes of information will not generally include: Information the disclosure of which is prevented by law, or exempt under the Freedom of Information Act, or is otherwise properly considered to be protected from disclosure. This includes information protected by Data Protection Regulations and information that is no longer readily available as it is contained in files that have been placed in archive storage, or is difficult to access for similar reasons

3. Fees and charging

The Governing Body may charge a fee for complying with requests, as calculated in accordance with FOIA regulations. If a charge is to be made, the School will give written notice to the applicant before supplying the information requested.

The School will only charge for the cost of copying and transmitting information, not for time taken in reaching decisions regarding whether information is covered by an exemption.

Where the School estimates that the cost of locating the information will exceed the statutory threshold of £450, it will consider whether or not to comply with the request. The School is not obliged to comply with such a request but may choose to do so.

Information published on our website is free, although you may incur costs from your Internet service provider. If you don't have Internet access, you can access our website using a local library or an Internet café.

Single copies of information covered by this publication are normally provided free unless stated otherwise. If your request means that we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos we will let you know the cost before fulfilling

your request. Where there is a charge this will be indicated by a price in the description box.

An individual can request a copy of information we as a data controller hold about them. This will if requested as paper format be provided free of charge and within 20 working days of receipt of the request.

4. FOI requests and the publication scheme

Methods of Publication

Where it is within the capability of our school, information will be provided on our website or through the Vale of Glamorgan Portal. Where it is impracticable to make information available on our website or when an individual does not wish to access the information digitally or electronically, we will ensure that the same information can be obtained through the school office.

In exceptional circumstances some information may be available only by viewing in person, for example personal information. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

Dealing with Requests

It is important to remember that the FOI Act does not cover personal data as this is covered by the GDPR and Data Protection Act 2018. Access to personal data is made via a Subject Access Request and not a Freedom of Information Request.

All requests will be considered in accordance with the provisions of the Freedom of Information Act.

Llantwit Major School will offer advice and assistance to anybody wishing to make a request for information. We are committed to dealing with requests within statutory guidelines, which means that a response will be made no more than 20 working days from the date of request and more speedily if possible. This will be extended in specific circumstances on legal advice in connection with the public interest test. However, Llantwit Major School is committed to providing a prompt service and every attempt will be made to provide the information earlier than the expiry of the 20 working day period. Repeated or vexatious requests for information will be refused. The School will claim exemptions as appropriate whilst maintaining a commitment to openness, scrutiny and the public interest. Llantwit Major School will put in place an appropriate procedure for measuring the public interest when considering a qualified (also known as “non-absolute”) exemption which requires such a test.

Any request in writing will be considered a Freedom of Information request including those received by email and fax. There is no need for requests to indicate that they are made under the Act and all requests will be dealt with under this policy. The School reserves the right to refuse requests where the cost of locating, retrieving and editing (where necessary) the information would exceed the statutory maximum (currently £450). Llantwit Major School recognises that requests for environmental information may be made over the telephone and that different exemptions apply.

Exemptions

- Information accessible by other means (e.g. website or prospectus)
- Personal Information – this is covered by the Data Protection Act 1998 (unless the enquirer wishes to know what information is held about themselves)
- Environmental Information (e.g. regarding playing fields, car parking, phone masts etc.)
- Requests can also be denied if the information is simply not held by the school; if the cost of accessing the information is above £500, or the request is considered vexatious* or repeated
- A full list of exemptions can be found at the Information Commissioner's website. There are two types of exemption – absolute and qualified. In practice there are very few which are likely to be applied by the education sector.
- The decision to apply absolute exemptions will not be taken by individual members of staff but by a constituted group of at least three of the following: Chair of Governors, other governors, Headteacher, Deputy Headteacher.
- The decision to apply qualified exemptions will not be taken by individual members of staff but by a constituted group of at least three of the following: Chair of Governors, other governors, Headteacher, Deputy Headteacher. Even if the group decides information should not be disclosed, a public interest test will be carried out when applying qualified exemptions, to decide whether the public interest in disclosure outweighs the objection to disclosure. If it does the information must be disclosed.
- Advice will be sought from Vale of Glamorgan Council's Information Governance Team or Legal Services if there is any doubt as to whether information should be disclosed

(*Vexatious request- one that is designed to cause inconvenience, harassment or expense rather than to obtain information, and would require a substantial diversion of resources or undermine the work of the school)

How to request information

If you require a paper version of any information, or want to ask whether information is available please contact the school by telephone, email, fax or letter.

Requests must be in writing, and include the enquirer's name and correspondence address. They must also include a description of exactly what information is needed. Enquirers do not need to say why they require the information. Enquiry request should be addressed to:
