The Home School Agreement

Our school celebrates the success of individual children and who they are. We aim to nurture well rounded young people, and to develop their skills and confidence to make their way in the world. We want to inspire learners to reach their potential and to challenge learners to grow in independence.

The following guidance denotes the expected partnership that needs to be established between parents, pupils and employees of the school. By working towards these goals we will, in partnership foster a positive school community that we can all be proud of.
